

iHASCO

Training made *simple*

Online workplace training made *simple*

With our extensive library of accredited video based courses and easy-to-use eLearning platform, it's never been simpler to get your workplace Health & Safety, HR & Business Compliance training sorted.

- Over 120 high-quality, engaging eLearning courses
- Includes a simple but smart LMS
- Unrivalled customer support and service

iHASCO are committed to you and your organisation's training journey. With our core values of quality, expertise, individual sector knowledge, and unrivalled customer support, joining iHASCO is more than just a transaction - it's an investment in the future of your business.

Our solution is a fundamental part of building a happier, healthier and more resilient workforce, and we are delighted to have helped over ten thousand organisations to date.

Client satisfaction survey results

96%

said we helped them work towards compliance with legislation

94%

said that our customer service was excellent

92%

said that our LMS was easy to use

Review platforms

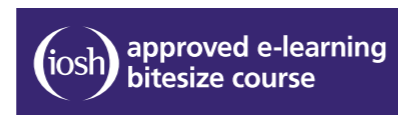

What makes us different?

We pride ourselves on the quality of our courses.

From start to finish they are meticulously researched; written to be informative, accurate and interesting; and, animated in a way which grabs and holds your attention and refuses to let go, complementing the script by helping to visually explain more difficult or complex ideas.

Our approvals and accreditations

At iHASCO, we don't just want to provide you with training, we want it to be the best training you've ever had. To make sure we provide the best, we submit our courses to be independently audited by as many recognised authorities as possible.

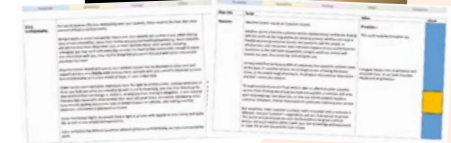

The production process...

Research & Script writing

The journey begins with our researcher who finds out everything they can about a topic and passes this on to our expert writers.

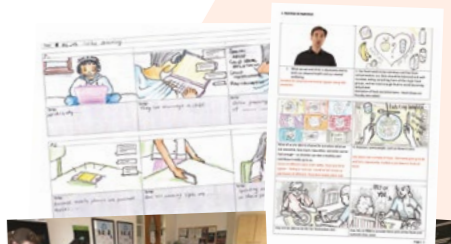

The writers spend a few weeks using the research to create a coherent storyline. There is an initial readthrough, edits, more readthroughs and then - storyboarding!

Storyboarding & Filming

Animators read the script, storyboard their initial ideas, and then sit down with the writer, making sure that their ideas are true to the spirit of the script.

With the script and storyboard signed off, our production team pulls together the presenters, actors and props required for filming.

Animating/editing & Quality review

Our creative team take raw footage, animation, graphics and audio to create the course vision. They may use illustration, motion graphics or even 3D animation.

Any new course is subjected to an internal quality review to ensure that it reflects our iHASCO standard.

A simple but effective LMS...

Training Delivery

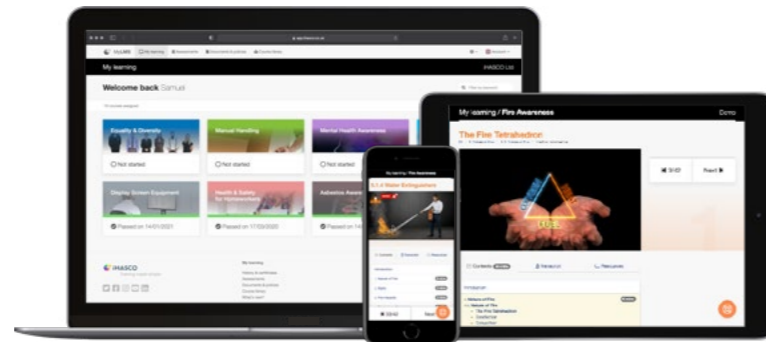

A beautifully crafted, accessible and simple-to-use learning experience which works everywhere for everyone.

We believe that the opportunity to learn, to increase knowledge and to improve understanding should be open to absolutely everybody. That's why we take the user experience, design and accessibility of our LMS so seriously and why we're committed to constantly improving our product.

We provide free access to our LMS as part of our offering but if you already have your own LMS, then you can opt to use our SCORM packages at no additional cost.

▶ See more: ihasco.co.uk/features

Our LMS and course content is designed from the ground up to work on any modern device at a variety of screen sizes and all of our courses include transcripts, closed captions (subtitles) and 30+ international language translations.

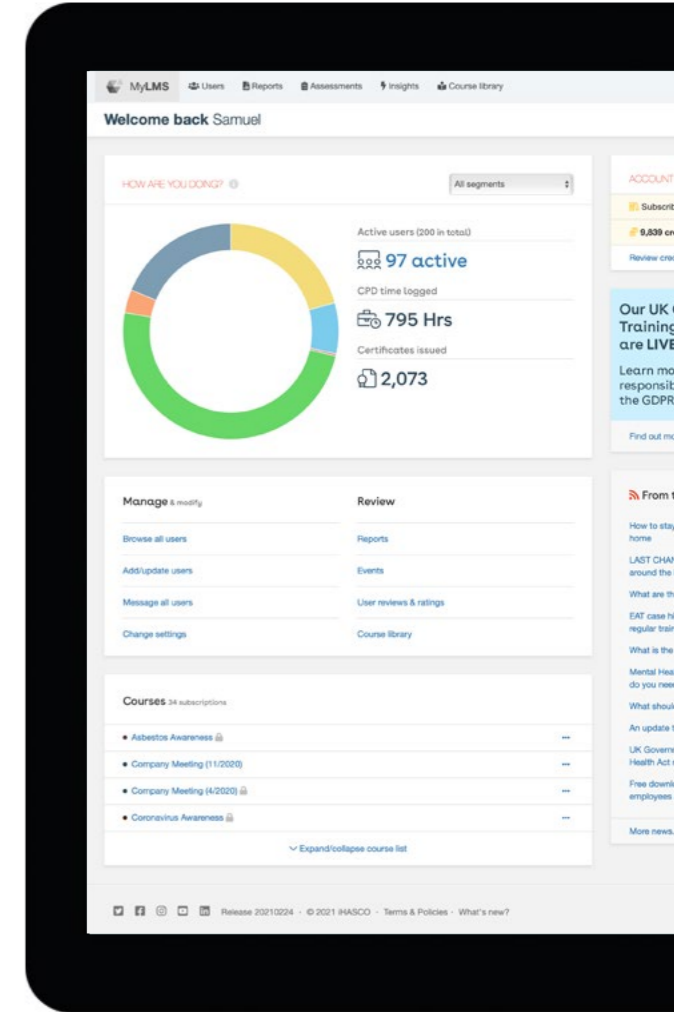

Management & Reporting

All the smart features you need without the unnecessary baggage or administrative costs of a complex LMS.

We work hard to make the onboarding, managing and reporting of your employee training as simple as it can be, ensuring that you can see the full picture at a glance which allows you to delve deeper as and when you need to.

Some of our favourite features:

- ▶ Events log which makes it easy to keep track of learner activity
- ▶ Automated reminder emails that do the chasing for you
- ▶ Built-in support chat staffed by real people
- ▶ See more: ihasco.co.uk/features

Over 120 high-quality eLearning courses

Our video based Health & Safety, HR & Business Compliance training courses provide the perfect solution to working towards compliance with current legislation, all in a cost-effective and straightforward way.

Whatever sector your business operates in, an organisation is only as good as its people.

Our course library provides your organisation with over 120 titles out of the box and with a busy course production schedule you can be sure that this will only continue to grow...

Education

The perfect, cost-effective training solution for early years, schools, colleges and institutes of higher education. Helping you work towards legislative compliance.

Every nursery, school or college that makes a purchase with iHASCO will also receive free access to our KCSIE 2019 training programme, which provides statutory guidance for schools and colleges on safeguarding children and safer recruitment. We're the perfect training solution for the Education sector and have helped thousands of institutes to date!

Courses include core Health & Safety training such as Fire Awareness and Fire Warden training, First Aid and Safeguarding Children. As well as HR titles including Equality & Diversity, FGM Awareness and GDPR Training.

Most popular Education courses:

- ▶ Fire Awareness (Education sector)
- ▶ Safer Recruitment in Education
- ▶ Safeguarding Children
- ▶ See more: ihasco.co.uk/education

Care

We're proud to provide our training courses to private Care and public NHS Care organisations. Our courses are suitable for all levels of staff within the Care sector.

Helping Care organisations of all sizes across the UK, we equip staff with the correct skills and knowledge to perform their roles to the very highest standard. Those working in Care are often responsible for the safety and wellbeing of some of the most vulnerable people, so training needs to be of the highest quality. That's where we come in.

We also provide 15 Care Certificate awareness courses which enable learners to gain a thorough knowledge of the Care Certificate workbook. Each course acts as a supportive learning tool for anyone looking to complete the Care Certificate.

Most popular Care courses:

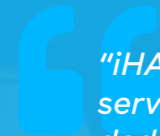

- Safeguarding Vulnerable Adults
- Fire Awareness in Care
- Mental Health Awareness for Carers & Nurses
- See more: ihasco.co.uk/care

"iHASCO ticked every box for us when we were looking for an eLearning provider. The amount of courses they release every year and the level of support they offer continue to impress me every time. The quality of their courses is also second-to-none. I love the Care Certificate Courses."

- Mel Howard, Stocks Hall Nursing & Care Group

Original footage from our Fluids & Nutrition in Care course

"iHASCO ticks every box for us! Your customer service has been superb from the start. Having a dedicated Account Manager made the process so easy. The courses are presented in an easy to understand format and the LMS comes with a host of great features."

- Mark Poncia, Morson Group

Office

Our online courses are perfectly suited to small, medium and large office-based businesses. Whether you are a Public or Private Sector organisation, our courses are suitable for all levels of staff.

With any kind of workforce, it is essential that adequate training has been provided to satisfy workplace regulations such as Display Screen Equipment, Manual Handling and Fire Awareness.

We also offer important HR Compliance courses such as Cyber Security Awareness, GDPR Training and Mental Health Awareness Training. So, irrespective of the size of your business, our solution provides you with the simple tools you need to work towards legislative compliance.

Most popular Office courses:

- ▶ Fire Awareness & Fire Warden
- ▶ Display Screen Equipment (DSE)
- ▶ Manual Handling
- ▶ See more: ihasco.co.uk/office

Construction and Manufacturing

We offer a range of Construction and Manufacturing courses for organisations of all sizes. Our cost effective training is perfect for those working with dangerous equipment or in high-risk environments.

It's more important than ever that your training supplier understands the changing requirements of your site. High-quality training is, therefore, essential.

Our range of training courses for Construction and Manufacturing sectors include Health & Safety titles such as Asbestos Awareness, Working at Height, Abrasive Wheel Safety and CDM Regulations. As well as HR Compliance courses like Equality & Diversity, Mental Health in Construction, Bullying & Harassment & many others.

Most popular Construction & Manufacturing courses:

- Asbestos Awareness
- Banksman Essentials
- Mental Health Awareness in Construction
- See more: ihasco.co.uk/construction / ihasco.co.uk/manufacturing

iHASCO's offering has allowed us to train all staff across the group in a cost-effective and time-efficient manner. Their LMS allows for easy tracking and reporting and our staff have given us fantastic feedback on the courses, rating iHASCO 4.6 out of 5 overall. We couldn't ask for much more from a provider!

- Julie Lawrenson, The Bell Group

Original footage from our Banksman Essentials course

"We have over 500 staff who work a number of different shift patterns over a number of different sites so the online access works very well for our company as the staff can access it at all hours of the day and night so training can be completed at the staff members convenience."

- Samantha Powell, Your Leisure

Retail and Hospitality

We supply the Retail & Hospitality sectors with Health & Safety and HR Compliance training to help organisations of all sizes meet legislative compliance in a straightforward manner.

We understand the challenges of coordinating training and ensuring legal compliance across larger workforces. Whether your business operates large-scale leisure facilities, hotels, shops or a restaurant/cafe, our courses ensure your staff have the correct training to keep your venues operating smoothly and safely.

Our core Health & Safety courses include Fire Awareness, Food Safety, Manual Handling and Fire Warden, covering your mandatory training requirements. We also offer a range of Compliance titles such as GDPR, Equality and Diversity and Customer Services Training.

Most popular Retail & Hospitality courses:

- ▶ Food Safety & Hygiene Levels 1, 2 & 3
- ▶ Customer Service
- ▶ Working in Licensed Premises (Bar Staff)
- ▶ See more: ihasco.co.uk/retail/ / ihasco.co.uk/hospitality

Don't just take our word for it...

We're proud to support businesses of all sizes with their training requirements...

“ iHASCO has an ever-growing selection of courses, covering a multitude of disciplines. The iHASCO courses are well structured, easy to follow, and are available to our company constantly. Portsmouth Aviation has an excellent working relationship with our iHASCO Account Manager which ensures any issues are sorted to satisfaction swiftly and the quantity and quality of the courses has provided our company with value for money.

 - Jeffrey Hunt, Health & Safety Manager at Portsmouth Aviation

“ The price, the quality of the training, with real presenters involved, iHASCO stood out from the competitors who seemed mostly to be providing animated graphics. Real people, great support, a wide range of training available, regularly updated, testing and certification, and all easy to manage via the LMS!

 - Stephanie Mills, Marketing & Fundraising Manager at Mid & North Essex Mind

“ The reason we chose iHASCO for workplace training was our culture of continuous improvement and innovation across all areas of the business. We chose iHASCO because of the ease with which reporting can be done and of course, the quality and presentation of the subject matter.

 - Ben Rose, Compliance Manager at Kubota

“ We reviewed our training needs and found some gaps in specific individual's training records. The main reason we chose iHASCO was the convenience of being able to complete the courses online and being flexible with them without affecting day to day tasks. The LMS (Learning Management System) is very user-friendly, even for those who are not PC literate. I found all the courses to be educational and they were explained in a way that the terminology used in the courses is not lost on our staff.

 - Vimal Bhagwanji, Director of Operations at The Bay Tree

“ We consider ourselves lucky, and we got so much more with iHASCO. The training is slick, informative, easy to understand, and well presented. Staff have the ability to rate the training and it always has a high user satisfaction. Staff can dip in and out of their training if required, and what is great is we set the training intervals and the training pass mark. There is always additional information and examples of documents in most modules, and these are a bonus.

 - Matt Bellew, Health & Safety Adviser at York St John University

“ We chose iHASCO for a number of reasons;
1. The quality of training materials
2. The breadth of courses and training they offer
3. The friendly service from their team
...and finally but equally as important, the reasonable pricing they offer! In a world where we can find a supplier where quality, service, and price come together in a single place, then for us, it's a winning combination to be a partner with iHASCO.

 - James Taylor, HR Director at Majestic Bingo Limited

We've helped over 10,000 organisations including...

Robinson College
University of Cambridge

Here to help...

The most important thing to us, is you! So, we go out of our way to provide the best customer support we can.
